

## Product information RSB switches 8 ports, without fiber ports -RSB20-0800T1T1SAABHH

942 014-001

| Name                                          | RSB switches 8 ports, without fiber ports                                                                                                       |
|-----------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------|
|                                               |                                                                                                                                                 |
|                                               | Ethernet/Fast Ethernet-Switch acc. to IEEE 802.3, compact, managed, Industrial switch for DIN Rail, Store-and-Forward-Switching, fanless design |
| Delivery informations                         | Lordali.                                                                                                                                        |
| Availability                                  | available                                                                                                                                       |
| Product description                           |                                                                                                                                                 |
| Description                                   | Ethernet/Fast Ethernet-Switch acc. to IEEE 802.3, compact, managed, Industrial switch for DIN Rail, Store-and-Forward-Switching, fanless design |
| Port type and quantity                        | 8 ports in total; 1. uplink: 10/100BASE-TX, RJ45; 2. uplink: 10/100BASE-TX, RJ45; 6 x standard 10/100 BASE TX, RJ45                             |
| Туре                                          | RSB20-0800T1T1SAABHH                                                                                                                            |
| Order No.                                     | 942 014-001                                                                                                                                     |
| More Interfaces                               |                                                                                                                                                 |
| Power supply/signaling contact                | 1 x plug-in terminal block, 6-pin                                                                                                               |
| V.24 interface                                | 1 x RJ11 socket                                                                                                                                 |
| Network size - length of cable                |                                                                                                                                                 |
| Twisted pair (TP)                             | 0 m 100 m                                                                                                                                       |
| Network size - cascadibility                  |                                                                                                                                                 |
| Line - / star topology                        | any                                                                                                                                             |
| Ring structure (HIPER-Ring) quantity switches | 50 (reconfiguration time < 0.3 sec.)                                                                                                            |
| Power requirements                            |                                                                                                                                                 |
| Operating voltage                             | 24 V DC (18-32 V)                                                                                                                               |
| Current consumption at 24 V DC                | 215 mA                                                                                                                                          |
| Power output in Btu (IT) h                    | 18                                                                                                                                              |
| Software                                      |                                                                                                                                                 |
| Management                                    | Serial interface, web-interface, SNMP V1/V2, HiVision file transfer SW HTTP/TFTP                                                                |
| Diagnostics                                   | LEDs, Log-File, signal contact, RMON (statistic, history, alarms, events), port mirroring, topology discovery 802.1AB                           |
| Configuration                                 | Comand Line Interface (CLI), BootP, DHCP, DHCP Option 82, HIDiscovery, auto-configurationadapter (ACA11)                                        |
| Security                                      | SNMP V3 (no encryption)                                                                                                                         |
| Redundancy functions                          | HIPER-Ring (client and server), MRP (client and server), RSTP - IEEE802.1D-2004                                                                 |
| Filter                                        | QoS 4 classes, port priorisation (IEEE 802.1D/p), multicast IGMP (Snooping and Querier, Fast Aging                                              |
| Industrial Profiles                           | EtherNet/IP and PROFINET compatibel                                                                                                             |
| Time synchronisation                          | SNTP Client and Server, IEEE 1588 client                                                                                                        |
| Flow control                                  | n/a                                                                                                                                             |
| Presettings                                   | Standard                                                                                                                                        |
| Ambient conditions                            |                                                                                                                                                 |
| Operating temperature                         | 0 °C 60 °C                                                                                                                                      |
| Storage/transport temperature                 | -40 °C 70 °C                                                                                                                                    |
| Relative humidity (non-condensing)            | 10 % 95 %                                                                                                                                       |
| MTBF                                          | n/a                                                                                                                                             |
| Protective paint on PCB                       | No No                                                                                                                                           |
| Mechanical construction                       |                                                                                                                                                 |
| Dimensions (W x H x D)                        | 47 mm x 131 mm x 111 mm                                                                                                                         |
| Mounting                                      | DIN Rail                                                                                                                                        |
| Weight                                        | 400 g                                                                                                                                           |
|                                               | I 400 U                                                                                                                                         |
